Alok Madheshiya

B.Tech Computer Science · ABES Engineering College · 2027

PROJECTS

- **Interview Agent** — Electron desktop app that simulates a panel interview with 3D avatars, real-time lip-sync and speech recognition. Built the turn engine and the Gemini streaming layer.
- **Gift Code Claimer** — automates browser windows over the Chrome DevTools Protocol; tiles real Chrome, Edge and Brave windows.

SKILLS

C, C++, Python, JavaScript, Node.js, SQL, Git, Electron, three.js

COURSEWORK

Data Structures, DBMS, Operating Systems, Computer Networks, OOP
